## Join Us in Wisner!

The Bellar Babes are really Beautiful this year and you need to spend a little time in Wisner to give them a good look. The Bellar crew has loaded their 2012 offering high and deep with impressive females and bulls; there are many that will be lasting top producers and many that can achieve extra value right away. I was blown away when I went through them earlier this fall and I'll bet you'll have the same reaction.

The breeding program is kicking into high gear at Bellar's. Their recent crops have included an impressive array of champions from all over the country, and the cattle we've sold the last few years are really starting to generate for their owners. It's exciting to see and it's only going to get better, especially when we offer sets of cattle like those we'll sell this January 29th.

Way to go, guys!

The Babes are waiting. We'll see you in Wisner and Cuming County...the place to be for beef.
